Digital Input Terminal Blocks

T50-DI2 v1.0

■ Introduction

Dedicated terminal block for integrated digital input board(PCI-DI64R) providing digital input contacts 32~63

■ Features

- Digital input contacts, 32~63, NULL terminal block for connection
- Two rows of 5mm pitch screw wiring terminals
- Stickers for accurate wiring
- Industry standard 35mm DIN Rail mount

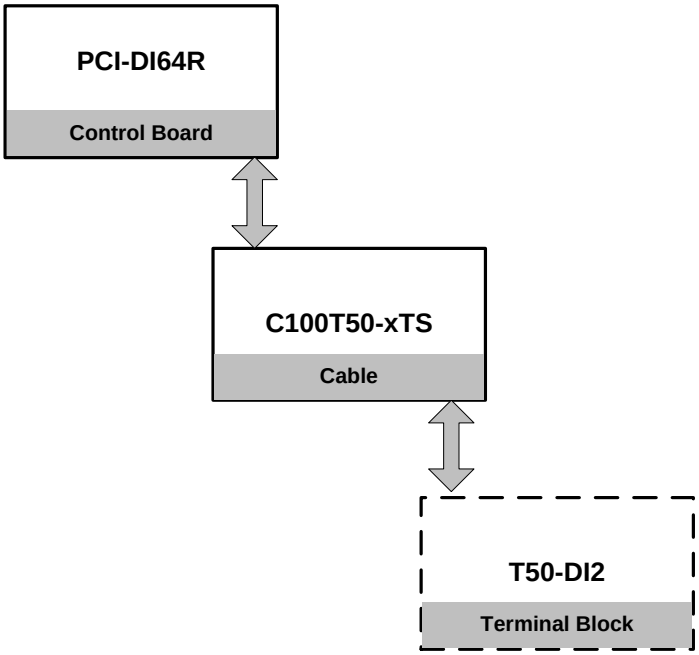

■ Electrical Specification

- Number of Input Contacts : 32
- Operating Temperature : 0° ~ 60°
- Storage Temperature : -20° ~ 80°

■ Exterior Specification

- Exterior Dimension: 149 x 52 x 41 (L x W x H)mm
- ECN1 Connector: 50Pin SCSI-II Female Connector
- Screw Terminals: 5.0mm Pitch (TLD-200, SEOIL)
- Installation Environment: 35mm DIN Rail
